Bismilla Hir Rahman Ir Raheem

This organization, that has now completed 4 years, has provided assistance based on the principles of self esteem, dignity and humanity, to thousands of unaided, powerless and destitute people. The spirit behind the Origin of Share, embellished within the concept of Wilaya, is established on the blessed practices of almsgiving and benefaction displayed by the Prophet of Allah (S.A.W) and his Holy family(A.S). This is so we all can reach out to the vulnerable, unguided, orphaned and helpless citizens. The objective behind helping such isolated people is, to be a part of the effort to put an end to the present oppressive system based on injustice and inequality. And also to strive towards a society established on the laws of egalitarianism.

The Share institution is providing for humanity through the support of loans, education funds, compassion, self dependency, assistance and other social services. Share is a dream for the near future. It is the passion of fulfilling this dream that has its youth work around the clock devotedly. They are those who are driven by feelings of deep empathy for humanity. They build examples that move towards revolutionary change. Their hearts contain God reverence, benevolence and the Divine fear. Assistance is provided through this organization to the orphans, widows and the needy in such a way that if one hand provides, the other is unaware. Those who are despondent and unprivileged, but still holding on to self respect, courage and fervor, are placed in a position to keep up with the fast pace and struggles of life. Islam has declared human service to be equated with worship. Religion has presented the idea of almsgiving to be such that, whatever possessions we boast of, are in fact entrusted to us by the Supreme Being. This depository (Amaanah) is with us in the form of wealth and prosperity, resources, opportunities and prospects. To utilize these in the way of God

to benefit the deprived people and our society is in fact INFAAQ.

According to the teachings of The Holy Prophet and his Holy Family(Peace be upon them all), we are not the possessors of anything. Whatever has been granted to us is in fact Allah and His Prophets entrust. Therefore, when we share these blessings with the creations of God, we can be sure there would not be a loss in our possessions. To share these blessings is, in fact virtue.

“Never do you attain the good until you spend (In the way of Allah) from that which you love. And whatever you spend, indeed Allah knows of it.” Surah Ale Imran Ayah No. 93

On my part, I am very thankful to all the members, sincere supporters and friends of Share who are filled with the intention of serving mankind and are working day and night towards this cause. With this, an invitation is extended to you all to join this congregation. Especially to those who are a part of a miserable society. They are those whose lives are subjected to different kinds of mental complications. They are those who have to rely on tranquilizer medicines to run the daily affairs of life. They should try and dedicate a part of their time and wealth to the beings of God. In return, they will base a relation with eternal life. They will feel a joy in their life which they had never experienced before. This internal salvation will surely fill their existence with a pleasant glow!

Wassalamun Alaikum Wa Rahmatullahi Wa Barakaatu,

Our Mission

SHARE International Inc. is a UN Registered charity organization, eligible to receive tax deductible donations. It was born in 2010 with the aim of reaching out to the needy and deserving Muslim Community around the world.

To partner with individuals, small groups, and organizations in order to provide social services and humanitarian assistance to those most in need in impoverished areas of the world.

Our Vision

To recognize our share towards...

- Humanitarian service
- Support towards education
- Better prospects towards excellence
- Disaster Relief and Care
- Provision of quality to life

Valuing Humanity

Serving both our brothers in faith and equals in creation!

For ten years now, Share has proven that it values humanity just as The Supreme Being has declared it to be above all His Creations.

“...and we certainly have honored the children of Adam...”

First and foremost is our relationship with humanity. Any hindrance that deprives humans of their basic right to survive, achieve and develop must be identified and removed. Means of salvation must be extended by those who are blessed enough to recognize their role in the world and society.

At Share, we aim to lift the despondent group of societies. Often, they are those who are overlooked by others and are desperate for financial and administrative support.

Help Beyond Borders, Support Beyond Race!

SHARE International makes no discrimination as to nationality, race, religious beliefs, class, or political opinions. It endeavors to relieve the suffering of individuals, being guided solely by their needs, and to give priority to the most urgent cases of distress.

“It is not righteousness to turn your faces to the East or to the West. Rather, those with true righteousness are those who believe in Allah and the Last Day, the Angels, the Book and the Prophets, and who, despite their love for it, give away their wealth to their relatives and to orphans and the very poor, and to travellers and beggars and to set slaves free, and who establish prayer and pay welfare tax...”

Surah Al Baqara Ayah 177

Transparency

A cause built on truth and justice

We believe that those who support our organization through the sacrifice(s) of their precious time, energy, and resources should be confident that these are being used for worthy purposes in support of the stated mission of the organization and not being diverted toward other causes and goals that they are not aware of. We, SHARE International, vow to our donors, volunteers, and partner organizations that we will make every effort to give them the full details of our activities and finances.

Our One-to-one scholarship scheme is a lifeline for about 600 school and college going children. Their school fees along with books, uniforms and shoes are being paid by SHARE since 2011, in Pakistan across its 4 provinces.

SHARE International is a worldwide organization that operates in areas based on the urgent needs that exist. We believe that all societies have equal status and share equal responsibilities of helping each other.

Independence

Empowering Communities, building self esteem

SHARE International is an independent entity. Although we observe all national and local laws in the areas where we operate, we are not affiliated with any government. We work with various partner organizations and individuals in order to carry out our mission but we are not directly affiliated with an entity or part of any other organization or corporation. Our aim is not only to provide support but to empower individuals who in turn empower and build communities. For instance, the families of martyrs in low developed areas in Pakistan are given vocational training to sustain a living. In one project, vulnerable women of D.I Khan, a poor city in Pakistan were provided training on beauty management courses which in turn generated a reasonable income. Other skill building courses were also introduced in — where youngsters were able to learn Electronic Devices skilled courses.

More than 50 ladies receive training on sewing and Beauty management courses in D.I. Khan, Pakistan, that enable them to generate income.

Cricket fan, Tauseef who lives in an orphanage in Karachi says,
 “I am thankful to SHARE for providing me support and giving me the opportunity to continue my studies and have better schooling.”

On September 6, 2014, Share International honored the brave late Aitezaz Hussain by awarding scholarship to top 10 students in Hangu district, KPK, Pakistan. \$1,000 was distributed to the students for achieving top scores. The legacy of Aitezaz lives through these children.

Sharing on... our future goals and aspirations

1

Provide more opportunities to sustain a living to those living in poverty stricken areas, especially to those suffering at the hands of oppression such as target killings. Families of the martyrs would be given a priority.

2

Continue to support education by helping to build schools and by providing scholarships to the deserving students.

3

Working on the Share core value of 'helping beyond borders' spread our services to other needy or disaster stricken countries.
