Chairman's Message

As salaamu alaykum Peace be upon you all

In the name of ALLAH the Most Gracious the Most Merciful. All praise is due to ALLAH (swt), who said "Whoever saves a life, is as if he (she) saved the whole of humanity" [Quran 5:32]. Peace and blessings on His prophet Muhammad (PBUH), whom ALLAH (swt) said about "We have only sent you as a mercy to the whole creation" [Quran 21:32]. Peace and blessings on his Ahlul Bait (S), whom Allah said about "And they give food in spite of love for it to the needy, the orphan, and the captive, [Saying], We feed you only for the countenance of Allah. We wish not from you reward or gratitude" [76:9-10]

For over five years, SHARE has been blessed to serve thousands of people around the world, recognizing that those with wealth have a duty to those with less. We feel more than ever the heavy responsibility to humanity and the world around us. **In the SHARE family there is no time to rest, as much more can and must be done. Protecting the dignity of humanity and providing cutting-edge development solutions to poverty and suffering is central to our work.**

Our services:

One of SHARE's main priorities is to provide quality education around the globe. Access to education is not just a basic human right, but it is a key factor in ending poverty.

SHARE's primary goal is to create educational opportunities for the most disadvantaged segment of the society. A good solid schooling lays a foundation for excellence! SHARE humbly supports multiple schools that cater to underserved children.

Education is the key to success. What better way to support the community but by giving an opportunity to learn?

In SHARE, we strive to bring all the non enrolled children back to school seats. We build and reconstruct schools and educational facilities and ensure to create a healthy teaching environment.

SHARE also provides services in healthcare, social care, housing, water and building wells, family assistance, marriage support, and disaster relief.

Today, I am honored and pleased to announce that, alhamdulillah, our name and our work are tightly coupled with the values of trust.

In all our activities we follow these pillars: Islamic principles, Monitoring, Accountability, Reporting and Transparency.

There is a lot of work ahead of us and we are not yet near perfection, but together we can maintain this solid sustainable growth.

As always, our passionate thanks go out to all SHARE stakeholders – who together make all this work possible. Our donors and supporters have been vital in enabling SHARE to get real help to the world's most vulnerable people. Together, we have important work to do – with the grace of God Almighty let us make a real difference and help transform lives across the globe.

Wa salaam

Chairman, Board of Trustees

SHARE International Inc. is a UN Registered charity organization, eligible to receive tax deductible donations. It was born in 2010 with the aim of reaching out to the needy and deserving Muslim Community around the world.

To partner with individuals, small groups, and organizations in order to provide social services and humanitarian assistance to those most in need in impoverished areas of the world.

Our Vision

To recognize our share towards...

- Humanitarian service
- Support towards education
- Better prospects towards excellence
- Disaster Relief and Care
- Provision of quality to life

Serving both our brothers in faith and equals in creation!

For ten years now, Share has proven that it values humanity just as The Supreme Being has declared it to be above all His Creations.

“...and we certainly have honored the children of Adam...”

First and foremost is our relationship with humanity. Any hindrance that deprives humans of their basic right to survive, achieve and develop must be identified and removed. Means of salvation must be extended by those who are blessed enough to recognize their role in the world and society.

At Share, we aim to lift the despondent group of societies. Often, they are those who are overlooked by others and are desperate for financial and administrative support.

Help Beyond Borders, Support Beyond Race!

SHARE International makes no discrimination as to nationality, race, religious beliefs, class, or political opinions. It endeavors to relieve the suffering of individuals, being guided solely by their needs, and to give priority to the most urgent cases of distress.

“It is not righteousness to turn your faces to the East or to the West. Rather, those with true righteousness are those who believe in Allah and the Last Day, the Angels, the Book and the Prophets, and who, despite their love for it, give away their wealth to their relatives and to orphans and the very poor, and to travellers and beggars and to set slaves free, and who establish prayer and pay welfare tax...”

Surah Al Baqara Ayah 177

Transparency

A cause built on truth and justice

We believe that those who support our organization through the sacrifice(s) of their precious time, energy, and resources should be confident that these are being used for worthy purposes in support of the stated mission of the organization and not being diverted toward other causes and goals that they are not aware of. We, SHARE International, vow to our donors, volunteers, and partner organizations that we will make every effort to give them the full details of our activities and finances.

Our One-to-one scholarship scheme is a lifeline for about 600 school and college going children. Their school fees along with books, uniforms and shoes are being paid by SHARE since 2011, in Pakistan across its 4 provinces.

SHARE International is a worldwide organization that operates in areas based on the urgent needs that exist. We believe that all societies have equal status and share equal responsibilities of helping each other.

Independence

Empowering Communities, building self esteem

SHARE International is an independent entity. Although we observe all national and local laws in the areas where we operate, we are not affiliated with any government. We work with various partner organizations and individuals in order to carry out our mission but we are not directly affiliated with an entity or part of any other organization or corporation. Our aim is not only to provide support but to empower individuals who in turn empower and build communities. For instance, the families of martyrs in low developed areas in Pakistan are given vocational training to sustain a living. In one project, vulnerable women of D.I Khan, a poor city in Pakistan were provided training on beauty management courses which in turn generated a reasonable income. Other skill building courses were also introduced in — where youngsters were able to learn Electronic Devices skilled courses.

Around 75 ladies receive training on sewing and Beauty management courses in D.I. Khan, Pakistan, that enable them to generate income.
